Dr. Gould's Tonic and Worm Powders

Two-thirds of the Horses and Colts throughout the country, in towns and cities are troubled more or less with worms. Large quantities of grain is being fed out to these animals, and the owner often wonder why their horses are in no better condition. If your horse or colt have worms, you may feed them all the grain you can buy and all you can raise on your farm, but you will never have a fat horse until the worms are removed, as the worms take all the nutriment from the food and the horse receives but little benefit from it. Many kinds of medicines have been used for the expulsion of worms and proved worthless.

After a Careful Study of Twenty-seven Years, Experimenting with Different Medicines

We are able to put before the public a sure cure, and during the past twenty-seven years it has proved among the leading horsemen to be all that is recommended. GOULD'S TONIC AND WORM POWDERS will restore the general vigor of the system of the horse, purify the blood, remove all worms and bots, and keeps the legs from swelling by standing in stables. A sure preventative from scratches, as it purifies the blood. Horses should have the powder every Spring and Fall. There are the needle worm, the long worm, so called, the earth worm and bot, or grub worm. GOULD'S TONIC AND WORM POWDER WILL REMOVE THEM ALL. Price 50c.

JUST ONE MOMENT.

We want just a few minutes of your time to talk with you about our seed business and explain a few things. This little book we place in your hands, hoping in so doing that you will be induced to place your order for Garden, Field and Flower Seeds with us.

It is our determination to grow and distribute nothing but the very best seeds that is possible to produce.

Our prices are as low as good honest seeds can be sold for.

Our business has steadily increased each year and this is the best evidence that our efforts are appreciated. Last season the increase was over fifteen per cent. This steady growth, without any sensational advertising, is due largely to fair dealing and good Seeds; also to the kind recommendations of our old customers to whom we are most thankful. The old customers bring us many new ones and recommend us to their neighbors, and that's the way our business grows.

We do not put out anything but what we would be willing to plant ourselves.

Everything must stand a rigid test before we let it go out with our name on it, and it pays too.

This year at our own expense we offer you FREE a year's subscription to some of the leading and best Agricultural, Horticultural, Poultry and Family papers published in America today.

Should you favor us with an order large or small, the same will be greatly appreciated and receive our prompt attention.

PINE TREE STATE SEED CO.

It is your turn now—You will find an order sheet and return envelope in this book. Why not use it.

Why not get your Seeds Free?

Your neighbors and friends will all have to have some seeds, and we can offer them a better deal than they can get anywhere else. Big packages, good honest seeds and fair dealing. Just figure up how much is spent in your neighborhood each year for seeds and what it would mean to you if you could get a commission on them.

Rustle around among your neighbors and get their order. We have a number of customers that make a good thing taking orders for our seeds and selling the same persons year after year. We started in the seed business by soliciting orders from our friends and neighbors, and we still believe that is the ideal way to sell seeds. Try it. Ask for our terms. There is something in it for you.

Try and get up a club, we will send you some extra catalogues and order blanks free. It will not cost you a cent to try anyway. If you don't get any orders no one is out anything but us and we will take our chances on it.

We will wrap each order separately, properly labeled, and pack them all in a box and send it to the one doing the ordering.

When the seeds arrive if everything is not just as we told you, you can have your money back. Ask the Bath National Bank of this city if we will stick to what we say. Write today for our terms, we will pay you a liberal commission.

To members of the Grange.

Get up a Seed Club in your Grange and send us the order and if it amounts to **five dollars** or over we will send to the Master, Secretary, Lecturer or the one who gets up the club a year's subscription **free** to the **Grange Bulletin**, the best Grange paper published; full of Grange news from all over the United States. It is the official organ of the Grange and is published each week. Every Grange should be posted on all Grange matters.

KIND WORDS FROM OUR FRIENDS

They are proofs of merit, such testimonials cannot be bought.

Dr. G. M. Twitchell, editor of the Maine Farmer, writes: "It gives me pleasure to bear testimony to the superior quality of garden and flower seeds received from you."

From the Maine Farmer: "The Pine Tree State Seed Company at Bath are importers and growers of pure and genuine flower and garden seeds. Their seeds are fresh, true to name and of the finest quality, such as will produce nothing but the best. This company is to be warmly commended for their efforts to introduce Maine grown seeds."

Mr. G. W. Hinckley, East Fairfield, General Supervisor of Good Will Home, writes: "The seeds proved entirely satisfactory, and you will probably hear from us again this year."

Topsham, Me, Dec. 30, 1903.

Pine Tree State Seed Co., Bath, Me. :

Gentlemen—"I have used your vegetable seeds for several years; they always gave perfect satisfaction. My wife says your sweet peas are the best she ever had."

E. Y. SHAW.

A testimonial we are proud of, from the wife of the Master of the National Grange:

South Bend, Ind., Jan. 8, 1904.

"Having received a generous supply of seeds from you last spring, I am anxiously waiting for your catalogue for 1904 to again send in my order. I cannot say enough in praise of the excellent quality of your seeds. They were perfect: not a seed failed to appear."

Very sincerely,

MRS. AARON JONES.

Mr. E. H. Libby, Secretary of the Maine State Grange, writes as follows:

"The flower seeds received from you last spring were very fine and my wife was very much pleased with them. No one makes a mistake in buying your seeds."

Mr. F. E. Strout of Leeds Junction, Me., in his letter of Dec. 19, 1904, writes us as follows:

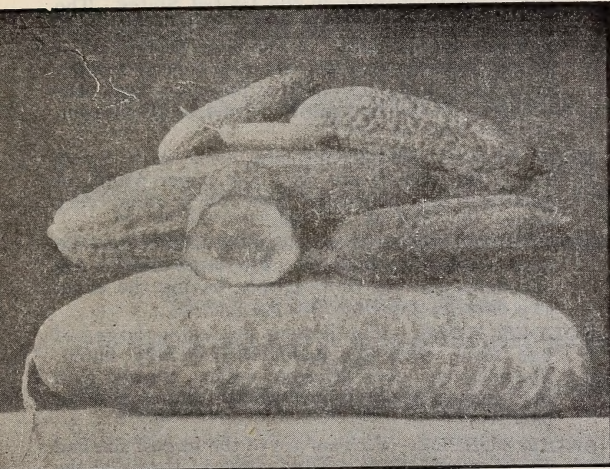

"Your garden seeds were the best I ever bought. Every seed came. From 5 hills of Golden Hubbard squashes I got over 30 fine specimens and have some in the cellar now and they are good too. I was well pleased with the seeds and more than pleased with the returns."

Mrs. Strout writes: "The pansies had some elegant blossoms and so did the Sweet Peas, the vines were loaded all the season. The rest of the seeds did nicely."

Novelties and Specialties in Vegetable Seeds

GOLDEN CARMINE PODDED HORTICULTURAL POLE BEAN.—This new strain is a wonderfully robust grower ten days earlier than any other Horticultural Pole Bean. Pods are large, stringless, bright, golden color, streaked with carmine and very productive. Try it. Pkt. 10c; pt. 20c; qt. 35c.

CRIMSON GLOBE BEET.—This beet is remarkable for its smooth skin and fine shape, and it does not grow large and coarse, the matured beet being medium in size and rather oblong in shape. The flesh is very dark and quality fine, sweet and tender. This new beet will please all. Pkt. 5c; oz. 15c; 1-4 lb. 30c.

Cumberland Cucumber

CUMBERLAND CUCUMBER.—This new variety is of the hardy White Spine type, is a rapid, strong and vigorous grower and very prolific in fruit. The flesh is firm, but very crisp and tender at all stages, the form is exceptionally straight and symmetrical, thus being as choice as a slicing variety as it is for pickles. Per pkt. 10c; oz. 25c.

ALL SMOOTH CUCUMBER.—A variety of the highest merit. The fruits are large, extra smooth and very regular in form, a rich dark green color, retaining its color until fully ripe, the smoothest cucumber grown. Per pkt. 10c; oz. 25c.

PEEP-O'-DAY SWEET CORN.—Ten days Earlier than any other sort and the sweetest of all Extra Early Corn. The stalks 3 1-2 to 4 1-2 feet high and bear from two to five ears, will stand very close planting. Price, pkt. 10c; pt. 20c; qt. 35c.

NEW LETTUCE, GIANT GLACIER.—A most excellent variety to plant for a summer supply, as it withstands heat and drought. It produces fine solid heads with large, light green outer leaves which fold closely about the head, the interior leaves blanch to a snowy white and are always crisp and tender and never bitter. Packets only, per pkt. 10c.

LETTUCE, BRITTLE ICE.—Very large, extremely crisp, hard-heading variety. The plants grow to a large size, sweet and mild in flavor, the outer leaves light green, the interior leaves nearly white and always crisp and brittle. Superior variety. Pkt. 10c.

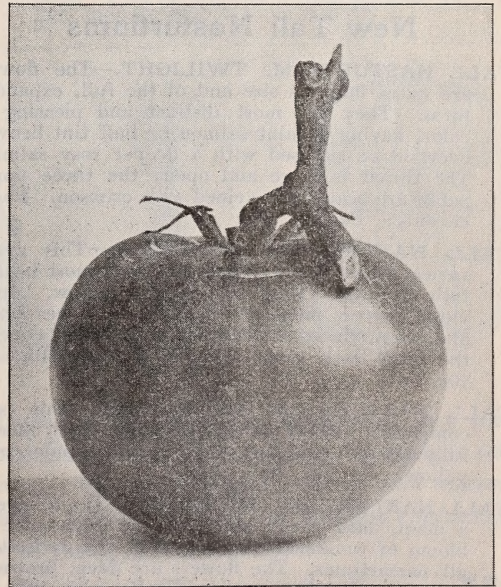

THOMAS LAXTON PEA.—A new extra early variety of large, podded pea. Very hardy, producing extra large size pods in abundance. The quality is delicious and cannot be surpassed by any other variety. This pea is even sweeter than the Gradus, the pods a little larger and a deeper green. Per pkt. 10c; pint 20c; qt. 35c.

CRIMSON GIANT RADISH.—A new variety suitable for forcing or early planting out of doors. It grows to double the size of the other round red radishes and still remains solid. The skin is a clear, bright crimson and the flesh crisp, mild and snowy white. Per pkt. 10c; oz. 20c.

DELICIOUS SQUASH.—We planted this new squash last season at our Trial Grounds upon the recommendation of the originator, Mr. Gregory. We are pleased to find in The Delicious all that Mr. Gregory claimed for it, a very dry, fine-grained squash of excellent flavor. It is an autumn or winter variety with a green skin moderately hard, but very thin, very fine-grained, the flesh thick and of a rich flavor. Per pkt. 10c; oz. 20c; 1-4 lb. 50c.

GOLDEN HUBBARD SQUASH.—A true Hubbard except in color, which is a beautiful orange-red. The flesh is fine-grained, of excellent quality and deeper in color than the old variety and is also more productive, keeps well and is certainly a very superior table variety. Per pkt. 5c; oz. 15c; 1-4 lb. 35c.

ADMIRAL DEWEY TOMATO (new).—One of the finest in every respect, early, smooth and uniformly handsome, ripens clear up to the stem, superior to all other varieties for main crop for canning or shipping, of large size and bright scarlet color, not subject to rot, ripens among the earliest, is an excellent keeper. Pkt. 10c; 1-2 oz. 20c.

Dewey Tomato

DWARF TELEPHONE PEA.—The vines grow only about twenty inches high, very stout and bear a good crop of large, well-filled pods of the most delicious quality. Per pkt. 10c; pt. 20c; qt. 30c.

EARLIANA TOMATO.—The earliest smooth, bright red tomato of good size and flavor now in cultivation. The plants are hardy, well set with fruit, nearly all of which ripen extremely early in the season. The flesh, a deep red with solid center and small seed cells, slightly acid flavor. Per pkt. 10c; oz. 50c.

Special Novelty Offer No. 1

One packet each of the above 14 novelties and a year's subscription to the Green Fruit Grower or Vick's Magazine for only \$1.00.

Flower Seed Novelties

ASTER, OSTRICH FEATHER.—Very large flowers with long, loose petals, very free bloomer. Choice mixed, per pkt. 10c.

COREOPSIS SUNSHINE MIXTURE.—This mixture includes all the choicest varieties of the Coreopsis family and named in honor of the Sunshine Society, who have adopted this bright and beautiful flower for their society flower. Every member should grow a bed of these bright flowers. Per pkt. 10c.

PANSY MASTERPIECE (New Giant Curled or Ruffled Pansy).—A remarkable new type amongst all the existing Pansies. The chief difference from other Pansies consists in the very original form of the flowers, the border of every petal being conspicuously undulated and curled. This peculiarity is to be found in nearly every flower, the size of which is extremely large. Per pkt. 20c. (see cut on cover.)

New Tall Nasturtiums

TALL NASTURTIVM, TWILIGHT.—The flowers are extra large in size and of the full, expanded form. They are most distinct and pleasing in color, having a faint salmon or buff tint heavily overlaid or suffused with a deeper rosy salmon. The throat is large and open; the three upper petals are beautifully veined with crimson. Packets only. Per pkt. 10c.

TALL NASTURTIVM, SUNLIGHT.—This grand variety bears flowers of largest size, most beautifully colored—clear, rich golden yellow. Individual flowers measure nearly three inches across and are produced so profusely as to almost conceal the large dark green foliage. Per pkt. 10c; oz. 20c.

TALL NASTURTIVM, MOONLIGHT.—This is a companion variety to the preceding, with flowers fully equal in size, but of an exquisite pale straw yellow. Per pkt. 10c; oz. 20c.

TALL NASTURTIVM, MIDNIGHT.—The foliage is a deep, dark green and bears an abundance of bloom of wonderful rich coloring, the darkest of all nasturtiums. The flowers are deep, brownish red and are borne profusely. Per pkt. 10c; oz. 25c.

RAINBOW MIXTURE, TALL NASTURTIVMS.—The most showy and varied in color of all Running Nasturtiums, the mixture contains over thirty of the choicest named varieties, exceedingly fragrant and flower freely until severe frost. Per pkt. 10c; oz. 20c; 1-4 lb. 50c.

TALL NASTURTIVM, PRESIDENT MCKINLEY.—Both flowers and foliage are of a rich, dark coloring, the flowers being a deep, rich velvety crimson, a profuse bloomer, and the best of all the dark crimson varieties. Packets only. Per pkt. 10c.

Special Offer No. 2

One packet each of the six new nasturtiums and a year's subscription to the Floral Magazine, or Woman's Magazine all for 45c.

Eleven New Sweet Peas

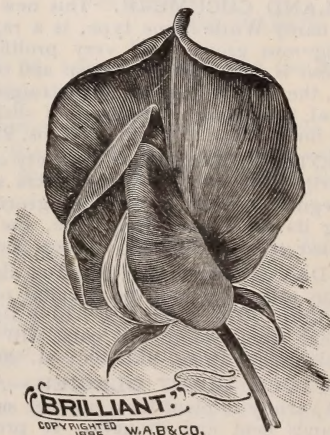

MRS. AARON JONES.—This beautiful new Sweet Pea was named in honor of the wife of the Master of the National Grange, who is beloved by every Patron of Husbandry in the United States. The color is a soft but brilliant pink, of the same shade in wings and standard. A fine large flower and of strong, vigorous growth. Its form is perfect and it gives a wonderful profusion of flowers, which continue large and fine until the end of the season. Per pkt. 10c; oz. 20c.

MONT BLANC.—A splendid, new, early white Sweet Pea. The flowers are of a fine paper white, of good size and generally three on a stem, very early. Per pkt. 5c; oz. 20c.

NAVY BLUE.—The richest and most distinct shade in dark-colored Sweet Peas. The large flowers are of a deep, glowing violet-purple, having the effect of a dark navy blue. Pkt. 5c.

GOLDEN ROSE.—The flowers are extra large, of fine form, with the standard gracefully fluted. The color is a clear primrose yellow, flushed with rosy pink, a combination hitherto unknown. Per pkt. 10c.

SADIE BURPEE.—Flowers are of the largest size and purest snowy white. They come in threes at the top of stiff stems and are of firm substance, lasting well when cut. Per pkt. 5c; oz. 15c.

NEW BRILLIANT.—A very bright crimson-scarlet, standards broad and slightly hooded, wings widely spreading. The cut blossoms retain their brilliancy even under artificial light. Per pkt. 5c.

MAJESTIC.—Flowers almost uniformly three on a stem, of large size and most perfect form, slightly hooded. The standard is a deep rose pink, while the wings are also deep rose, but even softer in tone. A most pleasing variety. Per pkt. 10c; oz. 15c.

PINK SNAPDRAGON.—A very pleasing pink shade of the new curious class of snapdragon sweet peas. Pkt. 5c.

MISS WILMOTT.—A new English variety. The extra large standards are of the richest orange pink, delicately shaded rose; wings also orange pink. These enormous flowers are borne erect on stiff, long stems. Per pkt. 5c.

SUE EARL.—Beautiful primrose edged with mauve. Per pkt. 10c.

THE HON. MRS. E. KENYON.—A beautiful, primrose color, deeper than any other in that shade, a bold giant flower and a most desirable variety. Per pkt. 10c.

Special Offer No. 3

One packet each of the eleven New Sweet Peas and a year's subscription to *Vick's Magazine* or *Woman's Magazine* for only 60c.

Neponset Waterproof Paper Flower Pots

Used and endorsed by the leading Florists and Nurserymen for transplanting and shipping plants, cuttings and bulbs.

Made of strong, thick paper—waterproof clear through, and will last for several months.

Clay pots cost six times as much and there is no breakage to Neponset Pots.

Cuttings and bulbs do not receive proper protection when shipped in newspaper. Neponset Pots are especially recommended for this purpose.

The Agricultural and Horticultural Departments of the United States government use them.

Sold by all leading seedsmen, but if your local dealer does not carry them, write to us.

HEALTH

In Childhood

means health in later years. As the child builds the adult shall be. Weakly, neglected children do not grow to vigorous man and womanhood. Childhood complaints yield easily to proper treatment—but they do not correct themselves. The weak stomach, pallid complexion, listless bearing, irritable temper, disturbed sleep, speak plainly of the ailments common to children, most of which have their origin in disordered stomach and bowels.

The greatest safeguard to children's health is

Dr. True's Elixir

For indigestion, irritability, constipation, poor appetite, peevishness, fevers, stomach and liver troubles, and worms it is unequalled. Parents of two generations have relied upon it. It restores sound, vigorous health when nothing else will. First it removes the cause, then aids nature to repair the damage; builds anew the waste, enriches the blood and sends a glow of health and vigor to every organ and tissue of the body. At all druggists, 35c. Write for free booklet: "Children and Their Diseases."

Swift's LOWELL ANIMAL FERTILIZERS

Do you want ACTIVE Fertilizers?

Do you want STAYING qualities?

Do you want RESULTS?

GENTLEMEN—

It gives me pleasure to state that besides a big yield of potatoes, I raised a remarkable crop of corn on your Fertilizer this past season, the land being in good condition.

On six acres I harvested 848 bushels of ears of Rhode Indian Corn grown on your Fertilizer exclusively, and used only 2 tons on six acres, or at the rate of a little less than 700 lbs. per acre. I am convinced that your Animal Fertilizers are what you represent them to be, and that they will not only grow large crops, but **leave the soil in excellent condition for following crops.** You make the best Fertilizers I have ever used.
